## DETAILED ACTION

### *Specification*

1. The disclosure is objected to because of the following informalities: the recitation of “R-423-R” should read “R-423-N.” Appropriate correction is required.
2. The specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. See 37 CFR 1.75(d)(1) and MPEP § 608.01(o). Correction of the following is required: The specification does not provide support for the embodiment of claim 7, wherein the second layer is a “non-stretch ethylene-propylene diene monomer and a styrene rubber combination.”

### *Claim Rejections - 35 USC § 112*

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:  
  
The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claims 7 and 8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
5. Claim 7 recites the limitation “said second layer of non-stretchable neoprene” in line 7 of said claim. There is insufficient antecedent basis for this limitation in the claim. The second layer is taught to be an EPDM and styrene combination, rather than the recited neoprene. Claim 8 is rejected for its dependency upon indefinite claim 7.

Art Unit: 1771

*Allowable Subject Matter*

6. Claims 1-6 are allowed. The prior art does not teach or fairly suggest the presently claimed four layer structure having a hardened polyethylene plate removably attached.

7. Claims 7 and 8 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action. The prior art does not teach or fairly suggest the presently claimed four layer structure having the recited edge finishing.

*Conclusion*

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

9. Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Cheryl Juska whose telephone number is 703-305-4472. The Examiner can normally be reached on Monday-Friday 10am-6pm.
